Apply · Inquiries: Child Welfare (Kodomo Fukushi-ka) TEL 34-0427

Please protect water pipe from freezing

When it is cold season, water may not come out or the pipes may burst and leak due to freezing of water pipes and water meters. Please take some following steps to keep pipes from freezing.

<Place likely to freeze>

- Windy outdoors · North side shade · The pipes or water meter exposed outside.

<How to prevent from freezing>

- Wrap some insulating materials or blankets or scrap fabric all the way up to the faucet and put tape to make sure not to leak.
- To protect water meter, put plastic bag that has insulation materials inside (Styrofoam or blankets) into the meter box.

<When it got frozen>

- Put towels to the frozen part and put warm water slowly to make it defrost.

*Please don't use hot water to defrost. It may break the pipe and water meter.

<If it did not defrost and got leaked>

Please contact the City designated construction company or Yuki City plumbing cooperative association.

TEL 090-7279-8044

*The cost will be charged to owners.
