Town and Environment

施策④

We promote town planning for increasing residency in Yuki City. We aim to make an environment where rural and urban areas are in harmony with each other are resistant to disaster and where roads are well maintained to let people live with peace of mind. Further, we promote a sustainable recycling society, and symbiosis with the natural environment and conservation of familiar living environment. We aim to create "a safe and comfortable city where people want to settle".

地域資源を活用したにぎわいと交流の促進 [観光/伝統産業/シティプロモーション]

Our industrial infrastructure is arranged to reinvigorate the local economy and promote the creation of new industries and job opportunities. We also promote the conservation and utilization of local resources such as historical townscapes, shrines and temples, traditional industries, and agricultural experience to revitalize tourism and develop traditional industries. We aim to "nurture history and nature and create prosperous and vibrant industry'
